

Ministerial Regulation
on Practice of Licensed Profession

B.E. 2549 (2006)

By virtue of Section 6 and paragraph one of Section 43 of the Teachers and Educational Personnel Council Act B.E. 2546 (2003) which is a law containing certain provisions relating to restrictions on people's rights and liberties, which Section 29, together with Section 39 and Section 50 of the Constitution of the Kingdom of Thailand, allow to be done by virtue of provisions of law, the Minister of Education therefore issues this ministerial regulation as follows:

The educational supervision profession shall be a licensed profession.

Given on this 27th day of January 2006.

Chaturon Chaisang

Minister of Education

Remarks: The rationale for promulgation of this Ministerial Regulation is that the educational supervision profession is a profession which serves to support education, provide services or undertake activities in relation to the teaching and learning process, supervision, coordination and provision of advice for development of education administration in educational agencies, and that paragraph one of Section 43 of the Teachers and Educational Personnel Council Act B.E. 2546 (2003) prescribes that other licensed professions shall be as stipulated in ministerial regulations. Therefore, to ensure that the educational supervision profession be a licensed profession which has professional standards, this Ministerial Regulation is thus necessary to be enacted.
